CRITICAL INFORMATION SUMMARY

Mint Digital Home Middle

INFORMATION ABOUT THE SERVICE

Service Description

The Mint Digital Home Middle plan is for a broadband and voice telephone service that gives you NBN access and a telephone service which enables you to make and receive calls over the NBN. Mint cannot guarantee a service is available until installed at your premises. You can transfer your existing phone service or activate a new service with Mint. Some phone features may not be compatible with a phone service delivered via the NBN. Digital Home plans are not available for resale or high volume telemarketing purposes. This plan is subject to our Fair Use Policy and is not intended for commercial use.

Installation Requirements

Standard Installation is included with your plan and is provided to the first telephone point in your premises. A 240-volt power supply is required and you must ensure such a power supply is available. In the event of a power outage, your services will not work unless you maintain a back-up battery. If you take up an NBN service, you will not be able to move back to a copper service.

Hardware and Minimum Contract Term

Available on a minimum 6 month contract only.
\$0 Set Up Fee
An optional NBN compatible Wi-Fi modem can be supplied from \$99.00 with a postage and handling fee of \$19.95

Key Details

Your Mint Digital Home Middle monthly access fee includes NBN Access, Line Rental, Local, National and Mint to Mint calls. Other call types not listed, optional Value Added Services and any equipment or other services required, are charged in addition to your Monthly Access Fee.

A Mint Digital Home Middle Bundle may not be appropriate if you require an uninterrupted phone service with access to 000 emergency services. The service will not function in the event of a power failure unless provided over the voice port (UNI-V) of the NBN connection box with an operational third party supplied battery back-up unit. It is your responsibility to maintain the battery and ensure that it is working correctly. Priority Assistance is not available on this service.

You must inform us if the service is intended to be used in conjunction with a disability or medical service, back to base alarm or is intended to carry data services such as Fax, EFTPOS or HiCaps. These services may not be supported or may require an alternative service or additional equipment.

Calls to some International destinations are blocked by default due to high risk of fraud. You may arrange with Mint to unblock these destinations upon accepting full responsibility for payment for any calls from your service to these destinations.

CONTACT US

We are dedicated to excellence in servicing our customers. If you have any questions regarding your service, call our Customer Care team on 1300 58 MINT (1300 58 6468) 9am - 5pm AEST, Monday to Friday.

If for some reason you are not satisfied with the service received, please inform us of your issue. If we are unable to resolve your issue to your satisfaction, please visit www.minttelecom.com.au/information.html and review our Complaint Handling Policy.

If you are still not satisfied with the steps taken by Mint to resolve your issue, you can seek assistance from the Telecommunications Industry Ombudsman (TIO). The TIO will only investigate complaints if you have already attempted to resolve your issue with Mint and is an option of last resort. You can contact the TIO by calling 1800 062 058 or visiting www.tio.com.au.
